

Hello Fellow Republicans!

Most of you have probably received your Voters Pamphlet by now and may have noticed all the positions are non-partisan, meaning there is no Republican or Democrat next to the candidate's name. We've got you covered! We're sending along a list of all the Republican candidates running for each position in the county. That should help you narrow your focus a bit on who to vote for. But what if there are several Republicans running? Here are some tips we recommend for choosing the candidate who most aligns with your political beliefs:

- Carefully read what the candidate has put in the Voter's Pamphlet
- Do a search on Facebook and other social media sites to see if they have a page
- Google their name and see if they have a history in the county
- Check to see if they have an email address or phone number and contact them with questions
- Watch for any townhalls or meetings they are at
- Listen to local media – Television and Radio - for candidate interviews

On this webpage you will see the list of Republicans Slate for Jackson County in the May Special Election.

Also, on this webpage you will find 2 school district Voter Guides, one page for Central Point and two pages for Medford School District. These voter guides show how the candidates responded to specific questions. We hope this will give you more information on the candidates beyond what you found in the Voter Pamphlet.

Thank you for participating in this election,
Joyce Michelangelo, Chair
Jackson County Republican Party
