Christine Drazan Earns Endorsement of Revitalize Portland Coalition

CANBY, Ore. – Gubernatorial candidate **Senator Christine Drazan (R-Canby)** has earned the endorsement of the **Revitalize Portland Coalition**, a real estate collective dedicated to addressing the challenges of crime, homelessness, declining livability and economic vitality that have impacted Portland's residents and businesses.

"I believe Portland can once again be one of the best cities in America, where families feel safe, downtown is full of life and businesses are looking to open their doors instead of boarding them up," said **Drazan**. "I'm committed to restoring public safety, breaking the cycle of homelessness and addiction and bringing economic vitality back to Portland. I'm grateful to have the Revitalize Portland Coalition standing with me as we work to make that vision a reality."

"Portland and the State of Oregon need new leadership that understands what is at stake for our downtown, our businesses and the people who call this city home," said **Jose Cienfuegos, Revitalize Portland Coalition Board President**. "We believe Christine Drazan understands the urgency of turning things around, and we're proud to support her in this critical election."
